Subject: FW: Pictures from the Seminar plus Parmarth Niketan Rishikesh, India - Feb 3-4, 2016

Dear Participants:

My heartfelt thanks to all of you for your great input and support.

The great spiritual addition to the Agenda at the very beginning “Inaugural ceremony w/ Lamp lighting” by Nandini/Parmarth was really touching and incidentally I have received a lifetime touch on my forefinger from that. I feel very happy to have received that blessing from the “AgniDevata” Fire God. Similarly, the ending part of the seminar was equally inspiring with the Yogya and Aarti beside the River Ganga where we all promised to the Mother Ganga to protect her. Thanks to Pujya Swami Chidanandaji, Swamini, Nandini, Rameshji and many others of our Parmarth family to make this seminar a successful one.

The input from the participants were of great value. The nitty-gritty details raised by Dr. Kamal Taori, Dr. Prakasam Tata, Sheelaji, Vidyaji, Subi Subramanian, and many others were really meaningful and added some new ideas and thoughts for consideration.

The talks by Subi Subramanian, Prakasham Tata, Krishnan, Pratyush (slide from Donald), Swamini, Swami Umesh Yogi, Mr. Sudhir Nautiyal, Dr. Bill Roper, The School Teacher, Mr. Das and two Young Students (Sakshan Bijalwan (15) and Manraj Bhandari (12)) were all valuable, meaningful showed us the path forward.

The support we got from Parmarth Niketan (Swami Chidanandaji and his group www.parmarth.org) was overwhelming. They joined hands with us and embraced us as a part of the Parmarth family. The grace and love that I observed there filled me up with joy.

We had 29 participants in total including the two young man from the Himalayan English School, Ghansali.

I had a strange bug on the 3rd which choked my voice, I could barely speak that day, thanks to Bill for facilitating the seminar that day. I started on the antibiotics the very next day and cough syrup etc. and recovered partially. Our (Bill & Subijoy) presentation at the IIT Roorkee on the 5th were also very well received and one professor and two PhD Scholars have already signed up with us to work together.

Overall it went great.

I hope to receive some summary meeting notes from Sucharit, Bill Roper and others to get a summary done shortly. Please send your views and notes, if you have captured during the meeting, **on or before February 15th** .
