Nepal Flood Victim Assistance 2026

The shocking Catastrophic flood and disaster in Nepal on August 26, 2026 shocked us all. To help the victims of that disaster, the Rivers of the World (ROW) Foundation, Crofton, Maryland, arranged to send the most needed items with the help of supportive donations from a number of Crofton residents, including members of the ROW Foundation and a few others from the US and India.

The ROW Foundation made efforts to connect with our local volunteers in Kathmandu, Nepal, despite unstable communication, and made the arrangements to reach various food items on October 3rd, after the bridge was constructed. Items sent included -

- Rice, lintels, cooking oil, spices, water and medicines and other sundry items needed there
- These were delivered to The Devi Ghat Area – one of the worst impacted locations
- Our volunteers, Krishna Shrestha and Maya Shrestha went to the area and distributed the materials to 16 impacted families, who were staying at a few temporary shelters there.
- The Nepal Government District assistance team helped with the distribution arrangement.

A few pictures and videos, including a list of the impacted families who received the donated items were sent by our volunteer from the site.
